S. ARUMUGAM

Full Stack Developer | Java Developer

Thoothukudi, Tamil Nadu, India | Email: arumugam.dev.official@gmail.com | Languages: English, Tamil
GitHub: github.com/arumugam-dev | LinkedIn: linkedin.com/in/s-arumugam-dev

PROFESSIONAL SUMMARY

Passionate Computer Science Engineering graduate with practical experience in full-stack web development. Continuous learner proactive in adopting modern cloud and full-stack software practices.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering
Jayaraj Annapackiam CSI College of Engineering | Thoothukudi, Tamil Nadu

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript, TypeScript, React, Next.js, Angular, Tailwind CSS

PROJECTS & PRACTICAL DEVELOPMENT EXPERIENCE

1. ShippingAI - Shipping Automation SaaS Platform
Stack: Next.js, React, TypeScript, Node.js, Express.js, PostgreSQL, Redis

- Built backend service for carrier bookings, automated shipping label generation, and tracking sync.
- Architected enterprise backend microservice with JWT authentication and Role-Based Access Control.
- Strong foundation in Object-Oriented Programming, Data Structures, Algorithms, and DBMS.

2. E-commerce Shipping Management System
Stack: JavaScript, Node.js, PostgreSQL, REST APIs, Express.js

3. Java Spring Boot Enterprise REST Service
Stack: Java, Spring Boot, Hibernate ORM, MySQL, Maven, Postman

KEY ATTRIBUTES

- Fast learner eager to contribute to collaborative engineering teams and international projects.
